Family/Household

Shots Administered

By **Dr. Bill Ayars**

of Westside Animal Clinic

Additional Vaccinations

Available: \$10.00 Fee

## Protect Your Dog Have It Vaccinated For Rabies

### Facts:

Rabies is a preventable viral disease of mammals most often transmitted through the bite of a rabid animal. The vast majority of rabies cases reported to the Centers for Disease Control and Prevention (CDC) each year occur in wild animals like raccoons, skunks, bats, and foxes. Domestic animals account for less than 10% of the reported rabies cases, with cats, cattle, and dogs most often reported rabid.
